Witness my hand and official seal. Notary Public _____

My Commission Expires: _____

Note: This form was derived from information provided by Anderson Hospital
Revised May 7, 2004 See back side

The ESRC by-laws require the use of this form for a minor member to pilot a plane at the club field. Rule number 10 of the ground operations safety rules reads as follows:

10. Any member under the age of 18 must carry a signed and notarized authorization for emergency medical treatment of a minor child. This form must be at the field in order to pilot a plane. All members below the age of 16 must be accompanied by a parent, legal guardian or club sponsor to participate in the flying activities. This club sponsor must be named on the medical consent form.

This provision was adopted in April of 2004. The form was developed from a form that was obtained from Anderson Hospital. The Academy of Model Aeronautics reviewed this form in their legal and insurance sections. They agreed with the use of this form.
