SOLO'S - Dwight Hayden for Heli solot, he's not just hovering!! And Don Miller for fixed wing.... Student's, the Spring season is upon us, so contact your instructor and get schedule to fly!!!!!!!!!!

MEMBERSHIP – As of the last meeting, we only had 52 members in the club who have renewed. Club membership ends December 31st. Please remember to wear your 2005 membership cards at the field! It's the only way we can tell whose AMA and ESRC renewed!

Membership cardholders are available from several of the club officers, so ask for one the next time you see them. CURRENT cards are to be displayed when flying.

New Magazine – There is a new RC magazine called

Web site: www.eastsiderclub.com

(NEW NAME) no 's' in clubs.

The NEW web site is up and running! There are many things still left to turn on, connect, design, and fix; so please be patient! The 'Discussion Forum' not the members private message area, is up and running!!!

Anyone who has ever sent in a picture for the web site, PLEASE resend them to Tom King for transfer to the new website. If you have prints, I have a scanner!!!!

Spring Clean Up Amazing what a fresh coat of paint does to jazz up the area. THANK YOU to those members who volunteered their time for this!!! Also, Members, **please** help to keep the area clean by policing up your trash and cigarette butts!

Course Director Needed Terry Baker has moved out of the area to pursue another career in upstate Illinois. He will handle this year's Float Fly, but we need a new course director for next year. If you work the event this year, you can qualify to

Aerobatic flying – Jeff Mueller is still looking for those interested in discussing IMAC aerobatic flying. For more information please contact Jeff at jeffrey.mueller@scott.af.mil or 667-0643.

Other Correspondence -

As many members are aware, the North entrance road is beginning to look like a bomb zone. After some discussion, it was decided that Roger Watson would contact SIUE to determine if any assistance from SIUE would be available! Well, we've had no word from SIU so we're taking action on our own!! Does anyone have a contact who could help us with patching and possible resurfacing the North entrance, contact a club officer!!! \$250 was authorized at the last meeting to rock the North entrance road.

Builders Contest 2005

What a great day for an event. Sunny and 20 knot winds..... Agh!!! well, we still had a good time. Rich Mowery showed up this year with another big boy (30%+) that was a thing of beauty. And he took first place with his red biplane. Earl Westergom took second place with his new pattern plane! And for Spring, he decided to go with color, LOTS of color! Check out this great color scheme on his WideBody

60 in the photo area of the web site. Bob McLoughlin just couldn't let his love for the Cardinals interfere with his flying, so his third place entry was a tribute to them. Check out Red Bird in the pilots seat!!

2005 Calendar of Events (remaining)

June 25 & 26th Float Fly, Horseshoe Lake
September 11th Fall Club Picnic

HELP!!!! Does anyone know or even have a friend of a friend, who can help us fix the potholes on the North entrance road to the shelter. If we don't do something soon, it's going to be a total loss and we'll be paying for gravel every year!!!
