Flying Field Improvements

New Spool Tables

Everyone is aware that our tables at the flying field were getting pretty ragged. After the track meet last week, several of our larger tables were also damaged. Fortunately, Craig Watson has a contact at the Amren UE salvage yard. Scott Calvin and Steve Teeple generously donated their time (and muscles) last Friday and drove out to the salvage yard with a truck and a flat bed trailer. They brought back a number of new electrical spools/tables to replace the bad ones. Now the field is in good shape with plenty of table space. Thanks guys!!

Bulletin Board Repairs in Progress

Long time member, Bill Metcalf recently donated some Plexiglas that was left over from a project his church was working on. Scott and Steve again made their time available

2006 Club Elections

It's that time of year, nominations for club officers will be finalized at the Nov meeting. All club members are eligible and encouraged to run for office. An informal pole indicates that our President, Secretary and Treasure have agreed to serve next year if reelected. Our VP will not run for reelection so that position is open. We are also looking for a Safety Officer.

Winter Meetings

Beginning in Nov, our meetings will be held at the Glen Carbon Senior Citizens Center. No change in time or day, all meeting will be on the second Sunday and 3PM.

Nov 13 th	Dec 11 th	Jan 8 th
Feb 12 th	Mar 12 th	April 9 th

Remember to bring in your winter building projects.

to pick up the materials and removed the message board. Steve Teeple is repairing it and should have it back up next week.

Again, these “go getters” deserve our sincere thanks the next time we see them at the flying field.

SOLO'S - NONE REPORTED FOR 2005.

Membership – Remember to wear your 2005 membership cards at the field! It's the only way we can tell whose AMA and ESRC membership are current. Membership card holders are available from several of the club officers, so ask for one the next time you see them. If you have not yet renewed, please consider doing so – we value your membership.

Safety – Winter is a great time of year to look over your R/C “aerospace vehicles” for safety issues. Did any of your servo screws, landing gear bolts, or other connectors loosen up over the flying season? Do you have any “soft spots” in your wing that may need attention? Take a close look – you may be surprised what you will find.

A Reminder - if you change your email or mailing address, you must let the secretary know. Email news letters save the club over \$300 a year.

Calendar of Events -

Holiday Party – Date TBD – Host TBD

Our club has had the good fortune to have great holiday parties over the last three consecutive years. Good turnouts, lots of good food, great company and conversation - all combined to produce a happy evening for all members and spouses that attended.

All we need to make it 4 years in a row is for someone to step forward and offer to host the gathering this year. It is honestly not that much “work” so please think about it.

Volunteers, Clichés, and Busy Men

Everyone has heard the old cliché, “*never volunteer.*” Well, that may be true in some environments but it is worth remembering that “common interest clubs” like the East Side RC Club absolutely depend on volunteerism. Where would we be without the good folks that make it a point to help out ever once and a while? Please consider filling an officer position, helping out with field maintenance, fun fly activities, or by hosting a holiday gathering etc etc etc. Your participation is critical to the success of our club. Here is a cliché I like better, “*If you want to get something done - - ask a busy man.*” Think about it...when was the last time you pitched in?
