"RAMBLINGS"

Is winter dragging on or is it just me? It has been so long since most of us have been to the flying field.... I almost forgot what it looks like. I thought I would include an R/C photo taken by Ron Crawford several years back to help the memory (besides that, I don't have a treasurer's report to fill this space). Kind of makes you want to go flying Doesn't it!

Winter Meetings are held at the Glen Carbon Senior Citizens Center on the second Sunday of each month at 3PM. Mark your calendar for Mar 12th and April 9th. Hopefully, the weather will allow us to return to field meeting in May.

Remember to bring in your winter building projects.

Club Website Needs Photos

Our web site is getting skinny on photos of recent club events. Please look through your R/C digital photos and help fill in the blanks by sending a copy to Tom King and Jeff Vinson (be sure to tell them the date and event of the photographs. Photos of your prized aircraft are also welcome. Jeff to create a photo area for each members "hangar."

Safety – There is nothing better than a thorough preflight. The consequences of missing something can be costly.... and embarrassing.

“Did I check that wheel on preflight !*@%!!!”

Pylon Racing Planning

We are still thinking about pylon racing so if you are interested in helping to establish rules and safety procedures, please contact Scott. This could be great fun!

Membership – It is that time of year again – please

renew your membership early and take advantage of the discount.

Also remember to wear your 2006 membership cards at the field! It's the only way we can tell whose AMA and ESRC membership are current. Another good reason is that many of us can't remember names anymore!

A Reminder - if you change your email address, please let the secretary know. Email news letters save the club over \$300 a year.
